### Why I joined the FOP Auxiliary:

I have been a member of the Auxiliary since 1995. I joined after my department experienced 2 line of duty deaths within 3 months of each other. I am not only a child of an officer, I also work as a civilian as a communications technician (dispatcher). It was wonderful to learn that this organization was being reestablished within our lodge, having an organization and members who would understand what it is like being related to an officer. This organization has become my second family. We laugh together, cry together and support one another. Being a relative of a Law Enforcement officer is a true honor, but not one that everyone understands. The Auxiliary is an organization that understands this and I am proud to be able to share that understanding with other family members, not just locally but throughout the state and nationally! The Auxiliary is a true Family in Blue!
