

I love being a member of the Ohio State Auxiliary Board! My husband, a deputy sheriff, K9 handler and president of Montgomery County FOP 104, asked me to start our local auxiliary in January 2016. He saw my passion and involvement with our local community supporting our law enforcement officers. With support from our lodge and fellow FOP family members, we were able to start our local Montgomery County FOP 104 Auxiliary in April 2016. After attending several state meetings, my passion grew more to be involved at the state auxiliary level. Peggy and the state board welcomed me with open arms! I love being a part of a family with a passion and involvement with supporting our FOP and law enforcement officers.
